

# **Product Datasheet**

- Features :
- Constant current mode power supply
- Universal AC input / Full range
  Withstand 265VAC Surge input for 60 seconds
  Protections:Short circuit / Over voltage
- Fully isolated plastic case
- Small and compact size

Cooling by free air convection
 IP20 design 100% full load burn-in test
 Suitable for LED related fixture or appliance (such as LED Decoration or Advertisement devices)

# **ADI-60900 ELECTRICAL SPECIFICATIONS**

# **60W Single Output Constant Current**

3. Tolerance : includes set up tolerance, line regulation and load regulation.

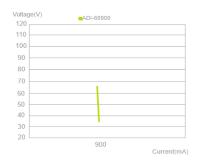

4. The power supply is considered as a component that will be operated in combination with final equipment, Since EMC performance will be affected by the complete installation, the final equipment manufacturers must re-qualify EMC Directive on the complete installation again.

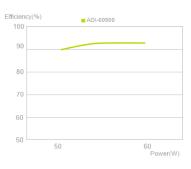

NOTE

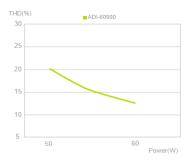

# ADI-60900 60W Tek Çıkışlı Sabit Akım Sürücü

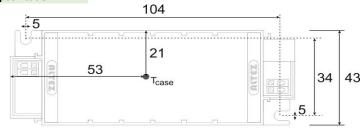

## Diagrams

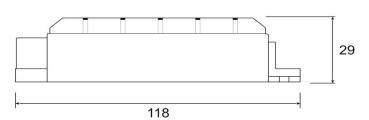

#### **Mecanical Specification**

#### **Wiring Diagram**

# **Product Datasheet**

- Features :
- Constant current mode power supply
- Universal AC input / Full range
  Withstand 265VAC Surge input for 60 seconds
  Protections:Short circuit / Over voltage
- Fully isolated plastic case
- Small and compact size

- Cooling by free air convection
   IP20 design 100% full load burn-in test
   Suitable for LED related fixture or appliance (such as LED Decoration or Advertisement devices)

3. Tolerance : includes set up tolerance, line regulation and load regulation.

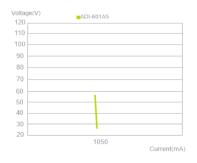

4. The power supply is considered as a component that will be operated in combination with final equipment, Since EMC performance will be affected by the complete installation, the final equipment manufacturers must re-qualify EMC Directive on the complete installation again.
