

ADN-07175

## **Product Datasheet**

## ₩ ₩**\$**CEER[@80 110/

- Features :
- Constant current mode power supply
- Universal AC input / Full range
- Withstand 265VAC Surge input for 60 seconds Protections:Short circuit / Over voltage
- Fully isolated plastic case
- Small and compact size
- Cooling by free air convectionIP20 design 100% full load burn-in test
- Suitable for LED related fixture or appliance(such as LED Decoration or Advertisement devices)

## **7W Single Output Constant Current**

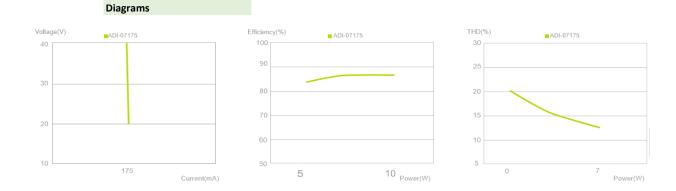

| MODEL                    |                                                              | ADN-07175                                                                                                                         |

4. The power supply is considered as a component that will be operated in combination with final equipment, Since EMC performance will be affected by the complete installation, the final equipment manufacturers must re-qualify EMC Directive on the complete installation again.
